Negotiations Resumed for Coast Highway

Unemployment Relief Angle Considered This Time

Agitation in favor of the Ocean Shore Highway was started again today when directors of Joint Highway District No. 9 authorized the opening of negotiations with the defunct Ocean Shore Railway Company for the purchase of a 15.2 mile right of way.

The project is being regarded from the unemployment standpoint this time, and is believed to have good chance of succeeding.

The desired right of way skirts the ocean front in the Pedro Point sector of San Mateo county. It was the subject of a condemnation suit brought by the district which resulted in a judgment fixing the value of the land at $112,000.

This sum the directors declined to pay, and when negotiations were dropped the railway filed a cost claim for $30,000, which was cut to $5625 by Superior Judge Maxwell McNutt.

The highway, a $5,000,000 project, would connect San Francisco and Santa Cruz by way of the coast vegetable producing centers to the San Francisco markets.

Goodyear Tires To Be Handled By Lynch Bros.

Announcement of the opening of Redwood City's newest super-service station was made today by Lynch Bros. of Burlingame who are now operating at the corner of Hamilton and Theater streets in the rear of the Sequoia Building.

Lynch Bros. have been established in Burlingame for the past 10 years and come to Redwood City to extend their operations.

They bring the agency for Goodyear tires, for which they are San Mateo county distributors.

The new station will also be equipped for re-treading, tire repairing, greasing and lubricating and will have the agency for Prest-O-Lite batteries. Complete battery sales and service will be maintained.

Three brothers make up the organization. Walter Lynch will be in active charge of the Redwood City station. Jack Lynch is located at their tire shop in Burlingame and Robert Lynch at their super-service station in the same city.

At the tire shop they can handle all sizes of truck tire repairing.

They will make extensive improvements in the local station.

Center Concrete Curb on Bayshore Urged by Jurors

BURLINGAME, Dec. 5.—Both drivers of a four-fatality crash in Burlingame on Big Game night were "believed" responsible for the accident in a verdict reached by a coroner's jury today. The jury urged that a concrete curb be constructed in the middle of the Bayshore highway to separate north and southbound traffic.

Don B. Tatum, Stanford student, whose three companions were killed, said he was on his right side and veered to avoid the other car. Mrs. Maxine Tallman, San Francisco, riding in the other car, said that the driver of her car was on the right side and the other vehicle suddenly bore down on them and "paralyzed them with fear."

Baby Daughter Born To Calvin Smiths

An 8½-pound baby girl was born to Mr. and Mrs. Calvin Smith on Monday, December 4, at the Mills Memorial Hospital in San Mateo. This is the first child in the family and the mother and daughter are both doing very nicely. Mr. and Mrs. Smith, formerly of Redwood City and both graduates of Sequoia high school, are now residing in Oakland.

FIRE DOES DAMAGE

MENLO PARK, Dec. 5.—Slight damage to a wall and bed was caused late yesterday when a fire, said to have been caused by a short circuit in a radio, menaced the home of L. A. Hinman, on San Mateo drive. The local fire department extinguished the blaze.

This May Reveal Source of Bait Used by Jurist

The secret hatchery where Superior Judge Franklin Swart raises his worms for bass fishing was unearthed by painters working in his courtroom today.

Workmen found an abandoned bird's nest behind one of the never-raised, never-lowered shades in the jurist's courtroom. There was no evidence of bird life, but a new batch of worms had just been born.

Knowing the judge's love for fishing, it was suspected by workmen that this is where the jurist has been raising the special bait that gives him such a good reputation as an angler.

Annual Dinner Of C. C. Will Be Dec. 27th

The yearly dinner meeting and election of officers of the Redwood City Chamber of Commerce will take place this year on Wednesday, December 27, it was announced today by Howard I. Wood, manager of the organization.

As in the past, service clubs of the city have been invited to participate. These include the Exchange, Kiwanis and Lions Clubs, and the Yomecans.

Dr. Tully C. Knoles, president of the College of the Pacific, has accepted an invitation to speak.

The committee in charge includes R. C. White, J. E. Baughn, Sam Winklebleck, Clifton Woodhams and Guy Kennedy.

Christmas Club Checks Start Yule Spending

A full mail bag of checks, totaling $10,886, is on its way to start the Christmas buying season in this community and to bring extra Christmas joy to members of the First National Bank's and San Mateo County Bank's Christmas Club by enabling them to spend unstintingly up to the full amount each individual receives. These checks represent small weekly deposits to Christmas Club accounts made by club members during the past year.

Across the face of each check are rubber-stamped the words "Buy Christmas gifts in local stores," which is part of the bank's policy of encouraging buying at home and of furthering local business enterprise.

Teachers in Need of Work To Be Helped

CWA Financed Plan Includes Classes For Adults

Efforts to enlist the services of needy unemployed teachers in adult education under a program financed by the civil works administration were being made in Redwood City Tuesday through the office of Principal A. C. Argo of Sequoia Union High School.

Under the general supervision of Pansy Jewett Abbott, county superintendent of schools, classes for adults are to be organized throughout the county through the cooperation of superintendents of high school districts.

The two-fold purpose of the plan is to provide advancement for adults desiring special training and to offer employment to teachers needing work.

Three types of instruction will be offered: Vocational training and adjustment, instruction for the physically handicapped, and classes for adults wishing to improve their general education, particularly in secondary studies.

According to the plan announced by Principal Argo, unemployed teachers reporting to the high school office here will be registered at the San Mateo central employment bureau for assignments.

Classes will be held in school buildings and any public buildings meeting the requirements of the districts in which classes are to be organized. School officials are assisting in the formation of these classes in localities where they are needed.

Dog Track Demurrer Overruled by Judge

Superior Judge William F. James of San Jose, sitting here, this afternoon overruled the demurrer of the Baden Kennel Club to the injunction proceedings filed by District Attorney Edmund Scott and set the matter for hearing on January 8. At that time, Judge James will decide whether Scott should be granted a temporary injunction to keep the track closed while the question of the permanent injunction is set for trial.

Belmont Man's Car Figures in Mishap

SAN MATEO, Dec. 4.—A San Francisco girl, Miss Marie Lamkins, 18, of 3032 Jackson street, was cut and bruised yesterday when a car in which she was riding with Walter Bernard, 219 Girard street, San Francisco, collided with another driven by Ernest P. Haquette of Belmont, at Twelfth avenue and El Camino Real.

SUPERVISORS APPROVE MERK AS SUCCESSOR TO MACAULEY

Appointment of Sam D. Merk, former San Mateo publisher, as director of unemployment relief for San Mateo county, as recommended by the county relief committee, had the approval of the board of supervisors Monday.

Merk succeeds Capt. Edward Macauley, retired Hillsborough naval officer, who has accepted a position as an engineer in charge of San Francisco district projects of the civil works administration.

Macauley has occupied the position of director of unemployment relief since the inception of the committee. The board adopted a resolution of regret at losing him, declaring Captain Macauley's services "devoted and outstanding."

The board was notified that the relief committee had named Robert J. Koshland of Hillsborough as new chairman of the projects committee to succeed Merk.

Death Shocks Board

Supervisorial sorrow for the loss of Horace W. Amphlett, San Mateo publisher, was expressed in a resolution adopted on motion of Supervisor Rosalie Brown and second of Supervisor Albert Witt.

The resolution declared that Mr. Amphlett had devoted himself to all worthy enterprises and had "won a place in the hearts of all good citizens."

Again Delay Permit

Another two weeks delay was voted by the supervisors on San Francisco's plea for the right to dump garbage at Mills airport.

Clyde Healy, assistant San Francisco engineer, asked why the board did not grant or reject the permit at once, and Supervisor Albert Witt replied that the board was awaiting the outcome of a legal test being made in San Jose on San Mateo county's garbage code.

Called On Carpet

Louis Tournahu, disposer of San Bruno garbage, won a stay of execution on a threat to cancel his permit when he appeared before the board because of alleged failure to maintain a sanitary dump at Lawndale.

Dr. Harold Morrison, public health officer, said that Tournahu was burning the refuse and creating an offensive smoke, and also that the garbage was not covered at night with an earth fill as required.

Tournahu explained that he was sick for several days and could not give attention to the dump but promised to discontinue the burning and also to see that the earth fill is made nightly. The board then agreed to allow Tournahu to continue.

On Health Committee

Mrs. Elsa S. McGinn, well-known San Mateo clubwoman, and W. C. Hammett, also of San Mateo, were named to the San Mateo County Health Board by the supervisors.

They succeed Mrs. Harry S. Dana and A. W. Deuel, also both of San Mateo, who resigned.

The appointments were made by County Manager Walter Kellogg.

Given Alterations

Gus Waller of Redwood City was given the contract for making alterations on the second floor of the courthouse on his bid of $2396.

The board decided to scarify the Sharp's Park road but not to make any permanent improvements until spring.

Request of Donald E. Libby of Menlo Park to keep more than two dogs on his place was referred to the county planning commission for a report.

TOY STACK HERE MEANS UNEMPLOYMENT RELIEF

By CARROLL D. HALL

SANTA CLAUS is reputed to have his workshop at the North Pole, but he has an important branch in Redwood City.

And it is operating daily, "full blast."

Passers by would never guess it. From the outside, the old manual training building, at the rear of Central School on Broadway, looks just like a—an old manual training building.

But inside—how different.

There one will find two large rooms, in one of which eight or more women are busily engaged in repairing used toys. They are stitching, painting, cutting, hammering, clipping, snipping and sewing.

Under their deft fingers, Johnny's discarded fire engine gets a new wheel and a coat of red paint, and is suitable for another year of service in the hands of some young fire chief whose Christmas prospects are bleak.

The Toy Stack this season serves the double purpose of pleasing needy children and providing food for women in need of employment. Eight or more women are employed daily in the reconditioning of the toys, and for each day's work they receive a grocery order worth $3.

The money comes from the San Mateo County Emergency Relief Committee.

When the supply of old toys runs low, it means that deserving women are deprived of employment. Toys are needed now—lots of toys! Young and old, men, women and children, are asked to contribute toys or the means to obtain toys, so that the work may go on until Christmas.

The toys may be left at the police station, which is in the same building, at the Middlefield road entrance.

This is the only central toy stack in the community. It has grown from a "private" affair of three years ago, when Mrs. Florence Andrews and Mrs. Z. T. Thorning, chairman of the Red Cross chapter, assisted by a few friends, repaired and distributed toys to the children of the city who would have been overlooked by Santa Claus otherwise.

Last year, 597 children received toys, so rapid was the growth of the Toy Stack.

It is thought that the number will be exceeded this year.

Mrs. Andrews is in charge of the toys, and devotes all of her spare time to the project. She is being aided by Mrs. J. Neal Taylor, Mrs. Thorning, Miss Cora Clute, the school nurse, and by the Y's Mother's Club.

"We want names of needy children," said Mrs. Andrews. "Lots of names. Anybody who wants a toy may have one—provided, of course, the claim is legitimate."

The names of children may be left with Mrs. Andrews, or at the Tribune office. Addresses and ages should be supplied with the names.

Distribution of the toys is entirely in the hands of those women who are conducting the toy stack. Mrs. Andrews keeps a card index of names, so that duplications are seldom made.

Persons or organizations planning to contribute food baskets to destitute families, may arrange with Mrs. Andrews to have toys delivered at the same time.

The room which contains the renovated toys fairly sparkles with Christmas cheer. Dolls, animals, games, blocks, and innumerable devices to amuse and instruct youngsters are to be seen there.

"Isn't this a lot of work?" I asked Mrs. Andrews.

"Oh, yes," she replied. "But it's fun, too."

And so it is.

Hinman Names Rapid Transit Committeemen

Civic leaders whose business it will be to bring faster rail facilities to the San Francisco peninsula were named today by Elmore B. Hinman, chairman of the general committee named recently by county chambers of commerce.

Bruce Gibson, San Mateo, will head the committee to study an uptown terminal, one of the present drawbacks to peninsula service. He will be assisted by J. C. Quinlan, South San Francisco mayor, and P. R. Thompson of San Francisco.

The technical committee will be headed by Attorney John W. Coleberg of South San Francisco, and his assistants will be R. P. Schwerin of San Mateo and Henry Hoffman of Burlingame.

Winfield Scott of Atherton will be chairman of the organization committee. Will H. Kelly of Palo Alto and the Rev. H. G. Gardner of Burlingame will assist on this committee.

The finance committee will be headed by Howard I. Wood, secretary of the Redwood City Chamber of Commerce. Wood's assistants will be J. H. Sullivan of Menlo Park and Henry Maier of Burlingame.

Hinman's general committee will meet the other committee in the Hotel Benjamin Franklin at San Mateo next Friday night, when the active work of the group will be outlined.

Errand of Mercy Ends in Lawsuit

MERCED (UP) — A Merced county constable's errand of mercy following an unusual accident today had resulted in a $3000 damage judgment against him.

The constable, Lewis Hulen, of Los Banos, Cal., rushed Elsie Rocha, of Los Banos, to a hospital here after she had been struck on the head by a wildly thrown rolling pin during a farm picnic contest.

Peter G. Brawas, 45, of 3104 Twenty-fifth street, San Francisco, was under treatment today for a bruised head and leg as the result of an accident on the Bayshore highway on the week-end. The steering wheel of his truck locked and the vehicle ran over an embankment near the San Francisco line, State Officer H. B. Fowler reported today.

Flood Retrial Put Over to January 8th

Retrial of the James L. Flood will contest was again continued Monday by stipulation of opposing counsel, this time because of the impending Christmas holidays.

Attorney Albert Mansfield of Redwood city, representing Attorney John J. Taaffe, chief of counsel for Mrs. Constance May Gavin of Los Angeles, claimant to a daughter's share of the $9,000,000 estate, made the appeal for the continuance.

The additional time was approved by Superior Judge William F. James of San Jose, who sat for the three-minute hearing in the court of Superior Judge Maxwell McNutt.

The case was continued to January 8 at 10 a. m.

Meanwhile, it is expected, Attorney Theodore Roche, chief of the legal staff representing the recognized Flood heirs, will make a motion for a change of venue to another county.

Police Radio On Peninsula Will Aid Law

Redwood City and San Carlos police are expected to join Palo Alto police in the plan to broadcast police bulletins over a short wave set which is under construction at Stanford University. The local police cars, under the plan, would be equipped with short wave receiving sets.

Police Chiefs C. L. Collins of Redwood City and Edward Wheeler of San Carlos have conferred with Police Chief Howard Zink of Palo Alto on the matter.

Atherton, Menlo Park and Stanford police are reported to have joined Palo Alto police in the broadcasting plans.

The short wave sending set is being constructed under the direction of Prof. F. E. Terman of the electrical department at Stanford.

HILL RESERVOIR WORK LET ON $16,696.00 BID

Million-Gallon Storage Basin to Be Built in Emerald Lake; U. S. Aid

Contract for the construction of a 1,000,000-gallon concrete reservoir for storage of a domestic water supply in the Emerald Lake district was let by the council Monday night to W. J. Tobin of Oakland, lowest of seven bidders.

Tobin's bid placed the cost of the reservoir at $19,696.78. The public works administration has voted $5000 toward the project, and the balance will be paid from earnings of the utility.

Additional bids were as follows: Neves & Harp, $20,032.60; W. O. Tyson, $20,398.45; Lowrie Paving Co., $20,598.70; Frederick W. Snook, $22,469.62; Charles L. Harney, $23,654, and N. B. McGowan Inc., $26,287.

Tobin was requested by telephone to agree to use Pacific Portland cement instead of Santa Cruz cement in order to favor the locally-produced product. This he agreed to do.

The contract also calls for virtually all local labor on the project, City Manager E. A. Rolison and City Engineer Charles Dimmitt reported.

Award of contract was made on motion of Councilman Henry Beeger and second of Councilman Charles Hildebrant.

Work is expected to begin within 15 days.

An ordinance covering the contract between the United States and the city on the Emerald Lake project was presented by City Attorney Albert Mansfield and was introduced on motion of Councilman Paul McCarthy.

Gas Code Adopted

The council adopted a proposed model gas appliance installation ordinance presented two weeks ago by Phil E. Brand and others.

The purpose of the ordinance is to prevent faulty installations which might bring death to persons using gas heaters, water heaters and furnaces.

The ordinance will be adopted by the county of San Mateo by reference, County Building Inspector William Watson Jr., reports, and by other cities, including Palo Alto, San Carlos and San Jose.

The ordinance was introduced for adoption on motion of Councilman McCarthy, seconded by Councilman Hildebrant.

Liquor Discussed

The council was notified by the state board of equalization that it will have 48 hours' time to pass on liquor licenses requested by Redwood City dealers before these are granted or rejected by the state.

The board named Councilmen Charles Lambert and Henry Beeger to act with Police Chief C. L. Collins and City Manager Rolison as a liquor committee.

Redwood City will get 60 per cent of all license fees collected by the state and all fines collected in the courts for violations.

Gets S. F. Training.

Training of Fireman Joseph Lodi by actual fire fighting with the San Francisco Fire Department was provided for in an agreement approved by the city council last night.

Lodi will receive training in the regular drills and will also see action on the fire lines under an arrangement made between Fire Chief Mark Ryan and Charles J. Brennan, chief of the San Francisco department.

The city agreed to exonerate San Francisco of any claims for injuries which Lodi might incur, and the city in turn was assured by the state compensation insurance fund that Lodi was protected as a member of the local department.

Need of beautifying the Union Cemetery on the Woodside road was discussed by the council.

Publisher's Will Placed On File Here

The will of Horace W. Amphlett, 43, late San Mateo publisher, was filed for probate Monday by B. M. Melvin, Hillsborough attorney, in the superior court here. Amphlett died last Wednesday in the Sir Francis Drake Hotel after dining with friends at the Family Club.

Melvin, who is named as executor in the will, was among the last persons to see Amphlett alive. Amphlett was found dead the following day in his hotel room of natural causes.

All of his shares in the Amphlett Printing Company are left by the deceased to Alfred A. Johnson, branch manager of the Manufacturer's Life Insurance Company; Anne Frahm, the publisher's secretary, and Attorney Melvin. The shares are to be held in trust and the income is to be paid as follows:

The sum of $350 monthly, if practicable, to his wife, Mrs. Eleanor Amphlett, 1420 Green street, San Francisco; and like sums monthly to his father, Richard Amphlett, 70 Sycamore street, San Mateo, and his three sisters; the Misses Kathleen and Janet Amphlett and Mrs. Helen Clinton, all of San Mateo.

At the end of 10 years, the trust is to terminate and trust estate is to be divided equally among the immediate members of the family.

Mrs. Amphlett is left all of the silverware, flat silver and silver ornaments; his watches are left to his sister, Kathleen, and his library is left to Miss Mildred Okker.

If Mrs. Amphlett should contest the will it is provided that her one-half of community property is confirmed and other benefits of the will are to be revoked.

Ross & Ross and Gregory, Hunt & Melvin are attorneys for the petitioner.

Floyd Hall Seeks Parole Assistance

Superior Judge Franklin Swart has been asked to aid the parole efforts of Floyd Hall, police killer and terror bandit, who was sent to San Quentin for the murder of Police Chief Arthur Meehan of San Bruno, it was learned here today. Judge Swart who was district attorney then, refused to make any recommendations on behalf of the prisoner.

"One day, over 10 years ago, you offered me your hand," said Hall in his letter to Swart. "You were as much my friend as anyone, only you had your role to play. The occasion was very unpleasant to you, and it was dreadful to me. You offered me your hand—I sneered."

Judge Swart said that because of the enormity of the crime he would make no recommendation.

KELLOGG SAYS RESIGNATION NOT DISCUSSED WITH P. G. & E.

County Manager Walter T. Kellogg's resignation as district manager of the Pacific Gas and Electric Company here was sudden and not the result of any prior conferences with company or county officials, he testified Tuesday in the taking of his deposition in ouster proceedings which he faces.

Kellogg denied emphatically that any promises had been made to any persons or corporations for any remuneration if he should get the county job, nor were any promises made to him if he would accept, he said.

To both questions, put by Attorney John E. Manders, Kellogg answered emphatically "absolutely none."

Kellogg said that his resignation was submitted to his superior, I. B. Adams of San Jose, in a teletype message sent on May 29 at 10 a. m. This, he said, was followed with an acceptance of the resignation in a return message sent half an hour later. Later that day he was named county manager.

Manders sought to show that Kellogg's sudden resignation after 24 years of service must have surprised the company or, if not, that he had had prior conferences with his employers on his plan to resign.

Kellogg denied ever talking over the resignation with any official, agent or employe of the company.

Attempts to question the manager concerning the reported secret meeting at the poor farm, which Superior Judge Franklin Swart ordered investigated, failed when he denied being present, or with ever discussing his appointment with any official.

Attorney Martin J. Doyle, counsel for Kellogg, objected to most of the questions put by Manders. Superior Judge Maxwell McNutt presided at the deposition taking.

Kellogg appeared with his right eye still bandaged following a recent operation.

Manders said the next step will be the setting of the case for trial.

Traffic Officers Called 'On Carpet'

Three San Mateo county traffic officers are "on the carpet" for alleged failure to cooperate with Capt. Paul Perussina, it was learned today.

One of the officers was called to Sacramento last week and given a "talking to" by Chief E. Raymond Cato, and two more officers left here Monday for the same purpose. Cato, it was learned, is telling the officers to "take orders" and follow instructions or resign their posts.

Observers reported that there has been some apparent friction in the traffic bureau over Captain Perussina's appointment.

Negress Is Given 30 Days in Jail

Miss Amatha McAllister, 1850 Leslie road, San Mateo, a Negress, was sentenced to 30 days in the county jail Monday by Superior Judge William F. James of San Jose, sitting here. She was charged with operating an automobile while under the influence of liquor.

The accused was driving a car on the Bayshore highway October 8 when it became involved in a collision with the automobile of Jack Brown, 480 South Eighth street, San Jose.

Besides the 30-day sentence, Judge James placed her on one year's probation.

O. E. Potter, 44, local cement company employe, who had been held by Redwood City police on a similar charge, was freed on probation by Superior Judge Franklin Swart.

S. F. Garbage Right Upheld In New Ruling

An opinion rendered today by Attorney General U. S. Webb upholding San Francisco's right to dump garbage at Bayshore is expected to result in the abandonment of the metropolis' plan to use Mills Field airport for a dumping ground.

Webb ruled that the Bayshore Sanitary District code, under which San Francisco recently was granted a permit, supersedes the county garbage ordinance for that garbage question as far as it pertains to the Bayshore district is taken out of the hands of the supervisors.

The board only yesterday again voted two weeks of delay in granting San Francisco the right to dump at Mills Field. With a growing list of protests, it is expected that San Francisco will now tell the supervisors that it is not interested further in the airport dump, and will proceed with the fill operations at Bayshore.

The Bayshore district recently adopted a new regularary code after the San Jose courts had ruled a previous ordinance invalid. It then granted San Francisco the permit.

The county, meanwhile, adopted a county garbage code and it, too, has been subjected to a test in the San Jose courts. Pending the outcome of that test, San Mateo county held up San Francisco's application for a permit.

No Need for This

From the Railroad Flat district near San Andreas comes the tragic story of two children in a family of eight dying of a disease that amounted practically to slow starvation.

Residents of the little mining community, hearing of the tragedy, took up a collection, provided the family with a Thanksgiving dinner and the father with a job. Which was, of course, a fine thing to do, except that it is regrettable that the good people of San Andreas could not have known about the family's plight in time to have saved the children.

A significant phrase in the dispatch was that the father was a proud man, had never sought aid and was not known to the county welfare agency.

There is no disgrace involved in seeking county aid under such conditions. Nor is there need for any child to starve in this land so abundantly full of all the good things of life but so sadly out of joint in the means and methods of distributing them.

Help Fight Tuberculosis

Did you—as we did—receive a letter enclosing a sheet of gay Christmas seals from the San Mateo County Tuberculosis Association? That's the only public method by this group to obtain funds to continue its splendid health work.

Christmas is essentially a child's day. Don't confine your giving to your own—make it a real Christmas by remembering these others who are under the shadow of one of the worst foes of human health and happiness.

Budget your Christmas fund, not alone for your own sweet, healthy youngsters but for those little sufferers. Use the Christmas seal stickers on your gift packages as tangible recognition that you're behind this fine, vitally needed work.

for OLD TIME COOKING RESULTS

THESE are the days of oven cooked meals. Women everywhere are finding that old time oven cooking always produces tastiest results. Now, especially, in this holiday season of turkey, plum pudding, pies and cakes, is this true. With the modern electric range, oven cooking is a great time and labor saver.

The most marvelous part of the new electric ranges is the oven. Spacious, well insulated, and equipped with time and temperature control the electric range practically takes charge of your cooking. In the first place the electric oven bakes your pet cake to new luciousness, the broiler turns out steaks and chops to tempt a vegetarian, while the even, steady oven heat makes turkey a golden brown delight—juicy and full flavored.

Before buying any range, make sure you have seen and know about the new electric ranges. The prices on these ranges have been lowered but not the quality so apparent in every part of these better cooking devices. See the new electric ranges today. Ask about the easy payment plan now in effect.
